SUMMARY

Motivated and detail-oriented Computer Science undergraduate at Bowen University with hands-on experience in networking, hardware maintenance, software support, and web development. Proven ability to troubleshoot technical issues, maintain IT infrastructure, and develop responsive websites using modern web technologies. Industrial Training experience at University College Hospital (UCH), Ibadan, where practical exposure was gained across Networking, Hardware, and Software Units. Passionate about technology, problem-solving, and continuous learning, with a strong desire to contribute to innovative software and IT solutions.

EDUCATION

Bowen University, Iwo, Osun State, Nigeria

Bachelor of Science (B.Sc.) Computer Science, Expected Graduation: July 2027, Relevant Coursework, Software Development, Data Structures and Algorithms, Database Management Systems, Computer Programming, Web Development, Cyber Security

Iwo, Osun State, Nigeria

September 2023 – Present

EXPERIENCE

Information Technology Intern

University College Hospital (UCH), Ibadan, Oyo State, Nigeria

2025

Ibadan, Oyo State, Nigeria

Industrial Training (IT) Student Intern

- Worked across the Networking, Hardware, and Software Units within the Information Technology Department.
- Assisted in monitoring, troubleshooting, and maintaining network infrastructure and connectivity.
- Participated in the installation, maintenance, and repair of computer hardware and peripheral devices.
- Supported software deployment, installation, configuration, and troubleshooting activities.
- Assisted staff with resolving hardware, software, and network-related issues.
- Performed preventive maintenance to ensure the reliability and efficiency of IT systems.
- Collaborated with IT professionals to support daily technology operations across hospital departments.
- Gained practical experience in enterprise IT support, networking, system maintenance, and technical troubleshooting.

PROJECTS

Nexunit Business Website | GitHub Repository: <https://github.com/nextunitco/Business-website>

- Designed and developed a responsive business website for a technology solutions company.
- Created professional user interfaces and intuitive navigation systems.
- Optimized the website for multiple screen sizes and devices.
- Improved accessibility and user experience through responsive web design techniques.
- Technologies: HTML5, CSS3, JavaScript, GitHub Pages

Debbie Business Website | GitHub Repository: <https://github.com/nextunitco/Debbie>

- Developed a modern and responsive business website focused on professional brand presentation.
- Implemented user-friendly layouts and responsive design principles.
- Enhanced website usability and visual appeal using modern front-end development techniques.
- Technologies: HTML5, CSS3, JavaScript, GitHub Pages

Personal Portfolio Website | GitHub Repository: <https://github.com/anuoluwa1234>

- Developed a personal portfolio website showcasing projects, skills, and achievements.
- Implemented responsive layouts and interactive user interface components.

- Demonstrated strong front-end development and web design skills.
- Technologies: HTML5, CSS3, JavaScript, GitHub Pages

TECHNICAL SKILLS

JavaScript
Python (Beginner)
HTML5
CSS3
JavaScript (ES6+)
React.js
Responsive Web Design
Node.js (Beginner)
Network Troubleshooting
Network Maintenance
Hardware Installation and Maintenance
Software Installation and Configuration
Technical Support
System Diagnostics
IT Infrastructure Support
Git
GitHub
Visual Studio Code
Microsoft Word
Microsoft Excel
Microsoft PowerPoint

CERTIFICATIONS

Responsive Web Design Certification — FreeCodeCamp
Python Programming Micro-Credential — Africa Agility
EPS International Summer School — Queen's University Belfast (July 2024 – August 2024)

LEADERSHIP & PROFESSIONAL STRENGTHS

Strong Problem-Solving Skills; Team Collaboration; Technical Troubleshooting; Effective Communication; Adaptability and Continuous Learning; Time Management; Attention to Detail; Analytical Thinking

INTERESTS

Software Engineering; Web Development; Networking Technologies; Cyber Security; IT Infrastructure; Emerging Technologies; Open Source Development
